Shining Down on Sennen

1. In Wallaroo it's mighty fine, in Moonta and Kadina
 And they remind me of the time when first I was a streamer
 But when at night my eyelids close my mind to far-off places goes
 The Southern Cross its soft light glows, shining down on Sennen.

2. Here, underground it's all the same as Crofty or Selegan
 The dust, the dark, the flickering flame, it might just be Illogan
 The same old songs are heard again, the tales, the tunes, the family names
 The stars hear Nightingale's refrain, when shining down on Sennen.
