3. Our Christmas is the bravest time, we sup a pint of Tawny
 And Fiddler Jim will lead the mine, when we all sing Trelawny.
 We've sung it all the world around, where tin and copper may be found,
 The stars will hear that very sound, when shining down on Sennen.

4. At home the mines have closed their gates, or so said last year's letter
 And Redruth town is no great shakes, and Pool is not much better
 But in my mind I see them still, forever climbing Camborne Hill
 And stars above the gaslight will be shining down on Sennen.

5. Now South Australia's been real good to Cousins Jack and Jenny
 And many a Cornishman can say he's earned a pretty penny
 But Jacky this and Jacky that, this Cousin Jack would eat his hat
 To see the stars that even yet are shining down on Sennen.
